

# Circus Activities

## Circus Animals!

Sometimes animals perform in the circus.

Can you list all the animals you can think of, and draw a picture of them too?

## Team Work!

In a circus, everyone needs to work as a team for everything to run smoothly. Do some team building games such as 'crossing the swamp' which involves the team getting from one side of the garden or front room to the other around some obstacles you make.

## Puppet Show!

Using things you can find at home, create your own puppets of circus characters such as clowns, animals and a ring master. They could be sticks, socks or shadow puppets. Can you use these to put on a puppet show to entertain your family?

## Juggling Act!

Use balls or beanbags (or make your own by rolling up socks) to practise juggling.

Start by throwing and catching one ball at a comfortable height before trying to send two balls round in a cycle.

Can you make it to three balls?
